We have laid out below examples of the instalment terms available and the total payable for the plan when the fixed annual instalment charges are included in the total cost. We will provide an exact cost breakdown dependent on the deposit and terms for each individual. Details of how the instalment charges are calculated can be found in the Generic Terms and Conditions document, section 8 "How do I pay for my Avalon Funeral Plan?"

The minimum deposit you can pay for this plan is £500 / €500 and the maximum term is 5 years

The total payable for the plan covers the essential elements of the funeral provided by the Avalon Appointed Funeral Director as detailed in these Terms and Conditions and described on the Plan Certificate. You secure these products and services at the price agreed today and if these services increase in the future, your plan secures them at no extra cost to you or your representatives providing the funeral is carried out by an Avalon Appointed Funeral Director. Any services not mentioned in this plan may incur a charge at time of need if your representatives request them.

3.2 Disbursement allowance/contribution

The cost of the Repatriation Burial (Spain) Plan includes up to £1,000 towards a Disbursement Allowance for the UK funeral. This allowance is specifically designated to cover or contribute towards certain fees associated with the funeral that are not covered by the services provided by the Avalon Appointed Funeral Director, as outlined in the terms of your plan.

The Disbursement costs covered by this allowance include the cremation or burial fee, which covers the preparation, opening, and closing of an existing burial plot. It also includes the Doctor's fee for providing the medical certificate (required for cremation in England, Wales, and Northern Ireland) and the fee for the Minister or Celebrant who performs the funeral service on the day of the funeral.

The value of the Disbursement Allowance included in the Repatriation Burial (Spain) Plan increases annually in line with the Consumer Price Index (CPI) on the 1st of July, regardless of when the plan was purchased. This adjustment helps account for inflation and ensures that the allowance keeps up with the changing costs of these disbursement fees.

If the Disbursement Allowance does not cover the full cost of these fees after the plan holder's funeral, any remaining amount will need to be paid to Avalon or the Funeral Director, depending on the type of funeral. We do not refund any amounts from the allowance that are not used, and it cannot be used for items not listed above.

3.3 Additional extras and contributions

You cannot add anything to this plan.

3.4 Special requests

Your plan can also feature your special requests that you will retain with your plan documents and passed onto the Funeral Director at the time of your funeral. Special Requests feature personal preferences for the day of the funeral such as:

- Dress code (colourful clothes, formal wear);
- Songs, hymns, readings for the service;
- Flowers or charitable donations;
- Alternative coffin to the one provided with the plan;

If your Special Requests incur a cost these will have to be paid for by your representative to the Funeral Director at time of need.

4. The Price of a Funeral

The Avalon Repatriation Burial Funeral Plan (Spain) is priced at €8950. When you purchase an Avalon funeral plan, you lock in this price with us. It's important to note that we don't typically expect you to use the plan immediately. However, if you do require a funeral right away, the cost of this plan is comparable to the current average price of a funeral if you were to arrange it directly at the time of need.

At the time of sale, Avalon assigns your plan to a specific Funeral Director(s) and has negotiated a wholesale price for the various costs involved in providing your funeral. These wholesale costs vary depending on factors like region and plan type, but for this particular type of plan, the average wholesale cost is €5669 plus an annual adjustment to account for inflation, based on today's prices.

Unlike the fixed plan price you pay, the "at need" price for a funeral today is likely to increase each year due to inflation until the time you actually require the funeral. These wholesale costs to Avalon are also adjusted for inflation annually to reflect the changing prices in the industry.

Plan Name	Current retail price	Average wholesale price for plan type
Avalon Repatriation Burial Funeral Plan (Spain)	€8,950	€5,669 + annual uplift for inflation
